

2021 MEMBERSHIP BOOKINGS 50% off full year fees until 31 Jan

Invest in your 2021 academics by booking a full-year Maths and/or Science course membership. Receive access to all available courses for an unbeatable price!

Visit www.scienceclinic.co.za to book a membership.

Contact ops@scienceclinic.co.za for more details.

Science Clinic offers the following two types of courses

- 1. In-depth classes:** These topic-specific courses are presented in the first three terms to teach core theory content and practice typical exam questions for every topic of work.
- 2. Revision clinics:** These revision courses are hosted before major exams to consolidate a student's understanding. The essential theory is revised and our subject experts work through hand-picked exam questions. The online revision courses are hosted over multiple afternoons. In-centre options are available on Saturdays, at select venues.

Different exam questions are practiced in every course to ensure that students receive maximum exposure to all types of exam questions that can be expected in the exams.

Online courses and in-centre options

- 1. Online courses:** All online courses are taught using Zoom. Recordings of these courses are available within two business days of a course being completed. We use two-factor authentication to ensure the online safety and security of our online course participants.
- 2. In-centre courses:** Full-day revision courses will be available for the Grade 10-12s at our major centres in Johannesburg, Pretoria and Cape Town. Science Clinic has historically presented face-to-face courses at more than 30 national high schools and universities. However, given the future possibility of lockdown restrictions, our 2021 courses will be hosted predominantly online.

Membership terms

- 1. Membership accounts:** All students receive their own membership accounts, which can be accessed from a web browser. Course schedules and event-specific information are provided in these membership accounts.
- 2. Cancellations:** Memberships can be cancelled at any stage. Science Clinic will provide a refund, commensurate to the discounted fees paid for the membership, for all the remaining booked courses.

Fee structure for earlybird bookings

2021 membership bookings are available at significantly discounted rates:

- **50% off** the full membership fees for bookings made **before midnight 31 January 2021**
- **45% off** the full membership fees for bookings made **before midnight 28 February 2021**
